

28th September 2026

Dear parent/carer

Year 6 parent Maths drop in clinic,

Year 6 can be a difficult year for both students and their families. SATs can be something that causes anxiety, even for those families who have been through it before.

For these reasons, we are creating a Maths drop-in clinic once a month after school that families can attend to ask their questions about SATs and learn some of the content if they are unsure of it themselves.

The sessions will be completely led by the families, depending on what you want to know more about!

Sessions will be in 6B from 3:30-4:00 on the following dates:

- October 6
- November 10
- December 1
- January 12
- February 2
- March 2
- April 20

We hope you can join us and we look forward to welcoming you!

Yours faithfully,

Josh Lazarus, Bethan Houghton and Yvonne Holmwood

Maths lead and Year 6 class teachers
